FOURTH EDITION OF

INTERNATIONAL CONFERENCE ON PETROLEUM, HYDROGEN & DECARBONIZATION (ICPHD 2026)

Driving Innovation, Enabling Transition, Shaping the Energy Future

December 11-13, 2026
Pandit Deendayal Energy University
Gandhinagar, Gujarat

in association with

IADC PANDIT DEENDAYAL ENERGY UNIVERSITY STUDENT CHAPTER

SPE International — Pandit Deendayal Energy University SPE Student Chapter

SEG Society of Exploration Geophysicists — Student Chapter EAGE Pandit Deendayal Energy University

PDEU STUDENT CHAPTERS

FIPI — Federation of Indian Petroleum Industry Pandit Deendayal Energy University

Welcome to ICPHD 2026 Conference

Welcome to the 4th Edition of the International Conference on Petroleum, Hydrogen, and Decarbonisation

Organised by Pandit Deendayal Energy University, this conference brings together leading experts, researchers, and industry pioneers to explore cutting-edge developments in the fields of petroleum, hydrogen, and decarbonisation. As we navigate an era marked by the urgent need for sustainable energy solutions, this year's theme Advances, Challenges & Opportunities for a Sustainable Future focuses on the critical role these industries play in shaping a low-carbon world.

Over the course of this conference, we aim to highlight recent innovations, tackle the challenges impeding progress, and discuss the vast opportunities for creating a sustainable energy future. Through insightful discussions, collaborations, and knowledge sharing, we are determined to contribute to the global transition towards a cleaner, greener, and more resilient energy landscape.

We invite you to engage, learn, and collaborate, as we collectively move toward a future powered by advanced technologies, innovative solutions, and a commitment to sustainability.

Highlights of the Conference

Conference Themes

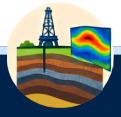

Decarbonisation and Global Sustainability

- Decarbonisation and Climate Technologies
- Carbon Capture, Storage, and Utilisation
- Methane Management and Mitigation
- Storage Resource Management
- Electrification and Decarbonisation of Existing Operations
- Low-Carbon Petroleum Products: Advances and Innovations

Hydrogen: Production, Storage, Transportation and Utilization

- Hydrogen Production
- Hydrogen Storage
- Hydrogen Transportation
- Hydrogen Utilization
- Hydrogen Policy, Economics and Safety

Petroleum Geoscience

- Petroleum Geochemistry and Geology
- Sedimentology & Stratigraphy
- Structural Geology and Basin Analysis
- Core Sampling & Characterisation

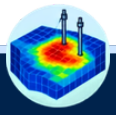

Efficient Drilling & Completion Technologies

- Drilling Technology
- Wells Construction and Completion Technology
- Cementing and Drilling Fluids
- HPHT and Deep-Water drilling

Geophysics and Geotechnical Engineering

- Seismic Exploration and Interpretation
- Gravity and Magnetics
- Borehole Geophysics and Logging Techniques
- Near Surface Geophysics
- Rock Mechanics
- Remote Sensing and GIS in Geosciences

Reservoir Engineering and Technologies

- Reservoir Characterisation and Modelling
- Reservoir Simulation
- Reservoir Modelling/ Surveillance Technology
- Oil and Gas Field Development
- Flow through Porous Media
- Rock-fluid Interactions

Conference Themes

Petroleum Production Operations

- Integrated Operations
- Artificial Lift
- High CO2 and Contaminated Fields
- Production Maintenance and Chemistry
- Subsea Production and Processing System
- Water Shut-off operations
- Sustainable Produced Water Management
- Workover & Well Stimulations

Digitalization and Optimization of Oil & Gas Field operations

- Data Science / Big Data
- Automation and Digital Operation
- Remote Operations
- AI and Machine Learning
- Smart Field Technologies
- Digital Operations/Oilfields
- Computational Fluid dynamics

Energy Integration and Transition

- Global Energy Transition Outlook and Future Renewable Energy Integration in O&G
- Policy, Regulation and Market Trends
- Investment, Economics, and Workforce Development

Project Management, Economics, and Contracting

- Project Economics
- Field Development Planning, Strategies, and Methodologies
- EPC Project Management
- Governance, Policy and Regulations

Health, Safety, Environment (HSE) and Social Responsibility

- Seismic Exploration and Interpretation
- Gravity and Magnetics
- Borehole Geophysics and Logging Techniques
- Near Surface Geophysics
- Rock Mechanics
- Remote Sensing and GIS in Geosciences

Unconventional Energy Resources

- CBM and Shale
- Gas Hydrates
- Geothermal Energy Resources and Utilization 6 Natural Hydrogen
- Fracturing
- Emerging Technologies

Improved or Enhanced Oil Recovery (IOR/EOR)

- Thermal EOR
- Chemical EOR
- Gas Injection Techniques
- Microbial EOR
- Emerging Technologies in EOR

Schedule

10 Oct 26	**Abstract Submission Starts**
10 Nov 26	**Abstract Submission Closes**
12 Nov 26	**Notification of Acceptance**
20 Nov 26	**Final date for Registration**
11 Dec 26	**Inauguration**
13 Dec 26	**Valedictory**

Authors are requested to submit their abstracts in the given format.

- **Title:** Times New Roman; 14 Font, Bold
- **Author:** Times New Roman; 12 Font, Bold
- **Affiliations:** Times New Roman; 11 Font, Bold, Italic
- **Abstract:** Times New Roman; 12 Font, 300 – 400 words
- **Keywords:** Times New Roman; 11 Font, Italic, 3-5 Number of keywords
- **Paragraph:** 1.5 spacing
- **Margin:** Normal
- **Format:** MS Word- compatible file

Abstract Submission Link

Selected abstracts may be provided the opportunity to publish a full-length paper in a reputed journal/proceedings.

Delegate Type	Before 20 Nov, 26	After 20 Nov, 26	International (USD)
Attendee/ Companion	₹3,540	₹4,130	50
Industrial	₹17,000	₹18,290	200
Faculty/ Academician	₹9,440	₹10,030	150
Post-Doc	₹7,080	₹7,670	125
PhD & Research Scholars	₹5,900	₹6,490	100
UG/PG Students	₹3,540	₹4,130	50

Sponsorship Oppourtunity

Diamond Sponsor	Gold Sponsor	Silver Sponsor	Bronze Sponsor
7.5 Lakh	*5 Lakh*	*2.5 Lakh*	*1 Lakh*

Company's name and logo will be displayed in the conference website, brochure and banners

Exhibition Stall

Platinum	Gold	Silver
3x6 sq. mt.	3x3 sq. mt.	3x1 sq. mt.

Complementary Registration

Platinum	Gold	Silver
15 delegates	8 delegates	4 delegates

Exhibition Booth

3x6 sq. mt.	3x3 sq. mt.	3x1 sq. mt.
Rs. 50,000/-	**Rs. 30,000/-**	**Rs. 10,000/-**

Sponsorship for Meal

Tea Break	Conference breakfast	Lunch/Dinner	Gala dinner
Rs. 25,000/- per session	**Rs. 60,000/- per day**	**Rs. 1,50,000/- per day**	**Rs. 2,00,000/-**

Sponsorship for Delegate Kit / Conference Sessions

Delegate Kit*	Plenary Lectures	Oral presentation	Poster Presentation
Rs. 50,000/-	Rs. 30,000	Rs. 40,000/- per session	Rs. 20,000/- per session

*** Company logo to be printed on every delegation kit and the conference website alongside other sponsors**

Fourth Edition of

International Conference on

PETROLEUM, HYDROGEN & DECARBONIZATION (ICPHD 2026)

Driving Innovation, Enabling Transition, Shaping the Energy Future

About the University

Pandit Deendayal Energy University (PDEU), Gandhinagar, Gujarat, formerly known as Pandit Deendayal Petroleum University, was established in 2007 by the Government of Gujarat with the objective of developing a world-class institution for education, research and innovation in the energy sector. The university has evolved into a multidisciplinary institution with a strong focus on energy, engineering, science, technology and management.

PDEU promotes collaboration with leading industries, research organizations and academic institutions in India and abroad, providing students with opportunities for industry exposure, experiential learning and research. The prime objective of the university is to provide excellent education, training and research and to develop competent professionals capable of addressing the emerging challenges of the energy and technology sectors.

The university is offering a number of Bachelor's, Master's and Doctoral Degree Programmes in Engineering, Energy Technology, Science, Management and Liberal Studies. Its academic and research activities cover diverse areas including petroleum and chemical engineering, renewable and solar energy, electrical engineering, energy storage, nuclear technology, sustainable energy, artificial intelligence and other emerging technologies. Through its emphasis on education, research, innovation and industry collaboration, Pandit Deendayal Energy University aims to contribute towards sustainable energy development and technological advancement of the nation

Fourth Edition of

International Conference on

PETROLEUM, HYDROGEN & DECARBONIZATION (ICPHD 2026)

Driving Innovation, Enabling Transition, Shaping the Energy Future

School of Energy Technology

The school is playing a pivotal role in preparing Energy Ambassadors for the Nation. It offers B. Tech., M. Tech. & Ph.D. programs in Energy-related domains i.e. Petroleum, Chemical, Electrical, Solar & Nuclear Technology. it also offers B.Sc. (Hons.), M.Sc. & Ph.D. in Physics and Chemistry.

With an effective hand-holding with the Government of Gujarat and the Industry, SoET has set up Centers of Excellence in

- Solar Research & Development and a Grid connected 1.7 MW Solar farm
- Solar PV Panel assembly line of 45 MW capacity, the first skill India Initiative in the country
- Energy storage, Redox flow with 25 years shelf life, scalable for 1 MW and above
- Sustainable technologies (Green H2, Methanol, Carbon Capture, Biofuel 1.5M USD)
- Centre for Drilling Cementing & Stimulation.
- Centre for Biofuel & Bio-Energy Studies (CBBS) has developed expertise in designing energy efficient biodiesel processes.

Department of Petroleum Engineering

TThe Department of Petroleum Engineering at Pandit Deendayal Energy University (PDEU) is committed to excellence in education, research, and innovation in the energy sector. With state-of-the-art laboratories, industry collaborations, and experienced faculty, the department provides a strong foundation in petroleum exploration, drilling, production, and reservoir engineering. Emphasizing hands-on learning, sustainability, and emerging energy technologies, the department prepares graduates to address the evolving challenges of the global energy industry.

Department Of Chemical Engineering

The Chemical engineering department at PDEU is a multidisciplinary branch of engineering that combines natural and experimental sciences (such as chemistry and physics) with life sciences, mathematics, and economics to design, develop, produce, transform, transport, operate, and manage industrial processes that turn raw materials into valuable products. Hence, contrary to other fields of engineering, chemical engineering is a varied field, covering areas from biotechnology and nanotechnology to mineral processing, pharmaceuticals, synthetic fibres, petroleum refining plants and many more.

Department Of Chemistry

The Department of Chemistry at PDEU is committed to excellence in teaching-learning and research in Chemistry and allied fields. The department consists of dynamic and dedicated faculties from premier institutes like IITs, IISc, CSIR laboratories, Central Universities, and Foreign Universities with excellent research credentials. The department is well-equipped with state-of-the-art research laboratories and high-end instrumental facilities.
