Welcome to ICPHD 2026

Welcome to the 4th Edition of the International Conference on Petroleum, Hydrogen, and Decarbonisation

Organised by Pandit Deendayal Energy University, this conference brings together leading experts, researchers, and industry pioneers to explore cutting-edge developments in the fields of petroleum, hydrogen, and decarbonisation. As we navigate an era marked by the urgent need for sustainable energy solutions, this year's theme Advances, Challenges & Opportunities for a Sustainable Future focuses on the critical role these industries play in shaping a low-carbon world.

Over the course of this conference, we aim to highlight recent innovations, tackle the challenges impeding progress, and discuss the vast opportunities for creating a sustainable energy future. Through insightful discussions, collaborations, and knowledge sharing, we are determined to contribute to the global transition towards a cleaner, greener, and more resilient energy landscape.

We invite you to engage, learn, and collaborate, as we collectively move toward a future powered by advanced technologies, innovative solutions, and a commitment to sustainability.

Highlights of the Conference

- Panel Discussion by Eminent Industry Experts
- Keynote Sessions
- Exhibition
- Paper & Poster Presentations
- Best Poster Award
- Best Paper Award
- Networking and Branding

Who can attend?

- Researchers from Universities and R&D Institutes
- Oil & Gas Exploration and Production Experts
- Drilling Professionals & Technologists
- Reservoir Engineers
- Process & Production Engineers
- Laboratory/Testing Specialists
- Design & Operation Engineers
- Asset Managers and Operators
- Software Specialists for the Digital Oil Field
- Other Relevant Professionals

Conference Themes

- Improved or Enhanced Oil Recovery (IOR/EOR)
- Unconventional Energy Resources
- Digitalization and Optimization of Oil & Gas Field Operations
- Health, Safety, Environment (HSE) and Social Responsibility
- Project Management, Economics, & Contracting
- Energy Integration and Transition
- Carbon Capture, Utilization and Removal
- Decarbonisation and Global Sustainability
- Petroleum Geoscience
- Hydrogen: Production, Storage, Transportation and Utilization
- Geophysics and Geotechnical Engineering
- Reservoir Engineering and Technologies
- Petroleum Production Operations
- Efficient Drilling and Completion Technologies

Schedule

10 Oct 26	Abstract Submission Starts
10 Nov 26	Abstract Submission Closes
12 Nov 26	Notification of Acceptance
20 Nov 26	Final date for Registration
11 Dec 26	Inauguration
13 Dec 26	Valedictory

Authors are requested to submit their abstracts in the given format.

- **Title:** Times New Roman; 14 Font, Bold
- **Author:** Times New Roman; 12 Font, Bold
- **Affiliations:** Times New Roman; 11 Font, Bold, Italic
- **Abstract:** Times New Roman; 12 Font, 300 – 400 words
- **Keywords:** Times New Roman; 11 Font, Italic, 3-5 Number of keywords
- **Paragraph:** 1.5 spacing
- **Margin:** Normal
- **Format:** MS Word- compatible file

Abstract Submission Link

Selected abstracts may be provided the opportunity to publish a full-length paper in a reputed journal/proceedings.

About the University

Pandit Deendayal Energy University (PDEU), formerly known as Pandit Deendayal Energy University (PDEU), was established by the PDEU Act, 2007; Acts of the Gujarat Legislature and Ordinances promulgated and Regulations made by the Governor, in the State of Gujarat, India. The primary thrust areas for the university are to ensure Energy for All, creating a Larger Social Impact and Prepare the Youth for tomorrow. PDEU has **NAAC** accreditation with **"A++" Grade** CGPA of **3.52 out of 4.00** & Graded Autonomy by UGC.

The University addresses the need for trained and specialized human resources for the energy industry worldwide. It intends to expand students' and professionals' opportunities to develop an intellectual knowledge base with leadership skills to compete globally. This objective is being addressed through several specialized and well-planned undergraduate and postgraduate energy education programs and intensive research initiatives, in management, engineering and humanities.

School of Energy Technology

The school is playing a pivotal role in preparing Energy Ambassadors for the Nation. It offers B. Tech., M. Tech. & Ph.D. programs in Energy-related domains i.e. Petroleum, Chemical, Electrical, Solar & Nuclear Technology. it also offers B.Sc. (Hons.), M.Sc. & Ph.D. in Physics and Chemistry.

With an effective hand-holding with the Government of Gujarat and the Industry, SoET has set up Centers of Excellence in

- Solar Research & Development and a Grid connected 1.7 MW Solar farm
- Solar PV Panel assembly line of 45 MW capacity, the first skill India Initiative in the country
- Energy storage, Redox flow with 25 years shelf life, scalable for 1 MW and above
- Sustainable technologies (Green H2, Methanol, Carbon Capture, Biofuel 1.5M USD)
- Centre for Drilling Cementing & Stimulation.
- Centre for Biofuel & Bio-Energy Studies (CBBS) has developed expertise in designing energy efficient biodiesel processes.

Department of Petroleum Engineering

The Department of Petroleum Engineering at Pandit Deendayal Energy University (PDEU) is committed to excellence in education, research, and innovation in the energy sector. With state-of-the-art laboratories, industry collaborations, and experienced faculty, the department provides a strong foundation in petroleum exploration, drilling, production, and reservoir engineering. Emphasizing hands-on learning, sustainability, and emerging energy technologies, the department prepares graduates to address the evolving challenges of the global energy industry.

Department Of Chemical Engineering

The Chemical engineering department at PDEU is a multidisciplinary branch of engineering that combines natural and experimental sciences (such as chemistry and physics) with life sciences, mathematics, and economics to design, develop, produce, transform, transport, operate, and manage industrial processes that turn raw materials into valuable products. Hence, contrary to other fields of engineering, chemical engineering is a varied field, covering areas from biotechnology and nanotechnology to mineral processing, pharmaceuticals, synthetic fibres, petroleum refining plants and many more.

Department Of Chemistry

The Department of Chemistry at PDEU is committed to excellence in teaching-learning and research in Chemistry and allied fields. The department consists of dynamic and dedicated faculties from premier institutes like IITs, IISc, CSIR laboratories, Central Universities, and Foreign Universities with excellent research credentials. The department is well-equipped with state-of-the-art research laboratories and high-end instrumental facilities.
